1. OVERVIEW

The purpose of the State of Montana Purchasing Card Program is to establish a more efficient, cost-effective method of purchasing and payment for Department of Corrections (DOC) transactions.

Purchasing Card usage will be reviewed on a regular basis and your purchasing card can be rescinded at anytime. Purchasing card transactions are subject to audit at any time. You are the only person entitled to use your card! Use the purchasing card in accordance with DOC Policy 1.2.8.

This manual provides the guidelines under which you may utilize your Purchasing Card. Please read it carefully. Your signature on the attached [Purchasing Card New Account Information Record](#) and [Employee Agreement](#) indicates that you understand the intent of the program and agree to adhere to the guidelines established for the program. When you receive your DOC Purchasing Card, you may begin using it immediately upon receipt and activation. As you use your Purchasing Card, please contact DOC's Agency Coordinator if you have questions.

Record keeping is essential to ensure the success of this program. This is not an extraordinary requirement - purchasing and accounting policies require obtaining and retaining of receipts, competitive price quotations, etc. And as with any charge card, you must obtain and retain receipts for your protection and DOC's protection.

Finally, remember you are committing DOC funds each time you use the DOC Purchasing Card. This is a responsibility that cannot be taken lightly!

2. PROCUREMENT CARD PROCEDURES

2.1 TO OBTAIN A CARD

You must read the Purchasing Cardholder Policies and Procedures manual in its entirety before requesting your DOC Purchasing Card. This manual provides a variety of information about the process, the types of purchases that can and cannot be made, who will accept the card, records that must be maintained and reconciled monthly and miscellaneous information about the program.

After you read this manual and understand the procedures outlined, you must receive approval to request a Purchasing Card from your supervisor or administrator. Employees must read and sign the Procurement Card New Account Information Record (attached) and the [Employee Agreement](#). Use your main office address as the address listed on the application to receive statements and correspondence related to the Purchasing Card. Please do not use any special characters in these fields. The application must be signed by the applicant and your supervisor or administrator. The completed application will then be forwarded to the Agency Coordinator.

When you receive your Purchasing Card, sign the back of the card and always keep it in a secure place! Although the Purchasing Card is issued in your name, **it is the property of the State, and can only be used for State of Montana purchases.**

When you receive your Purchasing Card you will be instructed to call U.S. Bank in order to activate your Purchasing Card. U.S. Bank will ask you for the last four digits of your social security number, because your card is issued to you without using your personal credit information, your social security number is never used. Please answer this question by using the **LAST FOUR DIGITS OF YOUR EMPLOYEE ID NUMBER.**

2.2 GENERAL INFORMATION

- This program helps to reduce the number of warrants issued, eliminate out of pocket lodging expenses and reduce travel advances.
- This program is NOT intended to avoid or bypass appropriate purchasing or payment procedures. Rather, the program complements the existing processes available.
- You are responsible for the security of your Purchasing Card and the transactions made with your Purchasing Card. The Purchasing Card is issued in your name and it will be assumed that any purchases made with your Purchasing Card will have been made by you. Failure to comply with the guidelines established for this program may result in severe consequences, up to and including termination of employment. Keep your Purchasing Card in an accessible – but secure – location.
- Guard your Purchasing Card account number carefully. Do not post it at your desk or write it in your day planner.
- The only person entitled to use the Purchasing Card is the person whose name appears on the face of the card. (See Exception in Section 2.4) Do not lend your Purchasing Card to another person for use. If you are going to be absent from the office for an extended period, your supervisor may request that a new Purchasing Card be issued to a different person for the duration of your absence.

2.3 EXAMPLES OF WHEN THE CARD MAY BE USED

- The Purchasing Card may be used to purchase from State Contracts. In accordance with the State Procurement code, please remember that any transaction or reoccurring transaction that is not on contract and exceeds \$5,000.00 requires submittal of a Requisition to the Agency Coordinator in Helena and must go through the Agency Coordinator's formal bid process.
- The Purchasing Card may be used for individual transactions commensurate with the amount authorized by your supervisor. Splitting charges to stay within your assigned limits constitutes a violation of policy. In some instances, it may also be a violation of procurement law.
- The Purchasing Card may be used for in-store purchases as well as mail, e-mail, Internet, telephone and fax orders.

- Subscriptions, seminars, books and video tapes.
- **IT use only** – Computer, software.

2.4 EXAMPLES OF WHEN THE CARD MAY NOT BE USED

- Lodging costs for relocations
- Tuition Reimbursement
- Any merchant, product, or service normally considered to be inappropriate use of DOC funds.
- Cash Advances (ATMs).
- Per Diem expenses (meals), Gratuity
- Services (e.g., Janitorial, Electricians, Counselors etc.) require DOC to issue a 1099 at tax time. Payments for maintenance and repair services including parts and materials, if incidental to the repair, should **not** be paid with a Purchasing Card since these services require 1099 reporting.
- Rents (rental units, leases of land, lease or rental of buildings, homes, offices, conference rooms, and equipment rental) require DOC to issue a 1099 at tax time.
- Health and medical services (1099 reportable).
- Standard Merchant Category exclusions (e.g., liquor stores, cigar stores, jewelry stores, etc.).
- Personal Use.
- Fuel for State owned vehicles. Use the State's fueling card for these purchases.
- Entertainment (movies, sporting events, etc).
- Controlled Commodities; unless ordering from established contracts.

2.5 SOME BUILT-IN RESTRICTIONS

The Purchasing Card can be used by any vendor or merchant who accepts Visa and is in a Merchant Category group that was approved for your Purchasing Card. Your Purchasing Card has also been given specific spending limits. The spending limit is set at a default amount of \$5,000.00 per month, which must be approved by the employee's supervisor. Any changes in the spending limit must also be approved by the supervisor. The Agency Coordinator can tell you the limits that were set for your Purchasing Card.

If you experience denials when trying to use your Purchasing Card, contact U.S. Bank Customer Service with the date, dollar amount and approximate time of the attempted purchase, along with the merchant's name. They will be able to investigate what caused the denial. If you need your spending limits changed, the request must be sent to the Agency Coordinator with signed approval from your authorizing supervisor.

3. RECEIPTS AND TRANSACTION LOG

- If you purchase via phone, fax, mail, e-mail, or other electronic means, ask the supplier to include an itemized receipt with the goods when the product is shipped to you. If you are

ordering online, either print a receipt (if available) or do a print screen to verify your order. It will be used for receipt tracking purposes.

- The employee is responsible for obtaining a receipt for all transactions. Receipts must be attached to the monthly procard transaction log and delivered to the Procard Accountant.
- Maintain a transaction log for all purchases. Retain all receipts, sales slips, and register receipts. Mail transaction log and receipts/slips by the 21st of every month to: Department of Corrections, Procard Accounts, Attn: Linda Rogers (444-4285) 5 S. Last Chance Gulch, Helena, MT 59601. Follow Department procedures for management approval of your charges, by ensuring that your supervisor signs your transaction log.
- If you cannot get a receipt or fail to get a receipt, you must complete the [Certification of Procurement Card Purchase](#) form and submit it to your accounting office in lieu of a receipt. Cardholders that continually fail to provide a receipt may have their Purchasing Card suspended or cancelled.
- You are responsible for the transactions identified on your statement. If a transaction is reviewed and questions arise on your account, both you and your accounting office are contacted to produce receipts and/or proof that the transaction occurred. If an error is discovered, you or your accounting office is responsible for showing that the error or dispute resolution process was completed. See 4.0 for transaction dispute information.

NOTE: Your activity will be reviewed on a regular basis and may be audited at any time.

4. DISPUTED TRANSACTIONS

There may be occasions when items on your statement do not correlate with your retained receipts. You may not have made the transaction, the amount of the transaction may be incorrect, or you may have a quality or service issue.

- First contact the supplier involved to try to resolve the error. If the supplier agrees that an error has been made, he/she will credit your account. Highlight the transaction in question on the statement as a reminder that the item is still pending resolution.
- Second if the supplier does not agree that an error has been made, contact U.S. Bank Customer Service using the 800 number on the back of your Purchasing Card. State that you would like to dispute a charge on your Purchasing Card. You will be asked to submit the information in writing so that U.S. Bank can research the disputed item. You must fax or mail the completed Purchasing Cardholder Dispute Form to U.S. Bank within 60 days of the statement date. Disputes will then be resolved by U.S. Bank within 90 days. If a dispute is not identified in writing to U.S. Bank within 60 days of the statement date the issue must then be resolved between DOC and the supplier.
- The amount of the next invoice will be reduced by the amount of the disputed item until the transaction in question is resolved.

- If there is a billing error on your statement, contact U.S. Bank Customer Service.
- Nearly all exceptions can be managed using the first two steps. If you have been unable to obtain an acceptable resolution, call the Agency Coordinator.
- If a dispute is resolved in your favor, the supplier or U.S. Bank will initiate a credit to your account within 30 days.
- DOC's Agency Coordinator must be notified of any discrepancies.

The U.S. Bank Purchasing Card Program carries corporate, not individual, liability. You will not be required to pay your Monthly Statement using personal funds. The program does not impact your personal credit rating in any way.

(800-344-5696) Written confirmation of cancellation must then be accomplished by mail or fax to the Agency Coordinator.

We ask you to exercise good judgment and act responsibly when using your Purchasing Card. The Purchasing Card is issued in your name, and all activity will be assumed to have been incurred by you. Receipts must be retained and reconciled with the monthly statement.

In addition, random audits may be conducted for Purchasing Card activity and retention of receipts/sales slips. Consequences, ranging from suspension of Purchasing Cards to termination of employment, will be invoked for improper use of the program.
